(1) See Schedule 8 for a description of items affecting comparability of net earnings (loss) and diluted EPS.

(2) The impact of the assumed conversion of our 5.75% Series A Mandatory Convertible Preferred Stock ("Preferred Stock") to shares of common stock would have been antidilutive in the calculations of Reported EPS and Adjusted EPS for each of the quarters and full years for both 2023 and 2022. In addition, the impact of conversion would have been antidilutive to Adjusted EPS for the twelve months ended December 31, 2021. When antidilutive, in the calculations of EPS the weighted average number of diluted shares outstanding does not include the assumed issuance of shares upon conversion of preferred stock, and preferred stock dividends for the applicable period are deducted from net earnings (loss) from continuing operations.

(3) For periods when we reported a net loss the dilutive impact to shares for Reported EPS is excluded because it would be antidilutive.

(1) Comprised of programming charges recorded during the first half of 2023 in connection with the integration of Showtime into Paramount+ and initiatives to rationalize and right-size our international operations to align with our streaming strategy and close or globalize certain of our international channels. These initiatives resulted in a change in strategy for certain content, which led to content being removed from our platforms or abandoned, the write-off of development costs, distribution changes, and termination of programming agreements.

(2) Reflects charges to reduce the carrying value of intangible assets to their fair value.

(3) Reflects severance costs, lease impairments and other corporate matters.

(4) The third quarter of 2022 reflects a gain recognized upon the contribution of certain assets of Paramount+ in the Nordics to SkyShowtime. The first quarter of 2022 reflects a gain from the sale of international intangible assets and a working capital adjustment to the gain from the sale of CBS Studio Center. 2021 primarily reflects gains on the sales of CBS Studio Center, an office tower that was the former headquarters of CBS, and a noncore trademark licensing operation.

(5) Includes fair value adjustments and gains and losses associated with the sale of investments.

- (6) Reflects the accelerated recognition of a portion of the unamortized actuarial losses due to the volume of lump sum benefit payments in one of our pension plans.
- (7) The tax impact has been calculated by applying the tax rates applicable to the adjustments presented.
- (8) Includes the net discrete tax expense or (benefit) related to a change in tax law, guidance from tax authorities, the reorganization of international operations, the resolution of income tax matters, amounts realized in connection with the filing of tax returns, and tax expense or (excess benefit) from the vesting or exercise of stock-based compensations awards, among others.
- (9) For the twelve months ended December 31, 2021, the impact of adjustments on Adjusted EPS includes a reduction to EPS of \$.02 because our Reported EPS includes the effect from the assumed conversion of our Preferred Stock, but such conversion is not reflected in the calculation of Adjusted EPS because it would have been antidilutive.

(1) Free cash flow includes payments for restructuring, merger-related costs, and transformation initiatives, net of insurance recoveries and settlements received related to merger-related litigation matters. Since the merger of Viacom Inc. with and into CBS Corporation (the "Merger"), we have invested in a number of transformation initiatives. Initially, these were undertaken to realize synergies related to the Merger. Beginning in 2022, our transformation initiatives are related to future-state technology, including the unification and evolution of systems and platforms, and migration to the cloud. In addition, we are investing in future-state workspaces, including adapting our facilities to accommodate our hybrid and agile work model.
