(1) See Schedule 8 for a description of items affecting comparability of net earnings (loss) from continuing operations and diluted EPS.

(2) The impact of the assumed conversion of our 5.75% Series A Mandatory Convertible Preferred Stock ("Preferred Stock") to shares of common stock would have been antidilutive in the calculations of Reported EPS and Adjusted EPS for all periods presented prior to the conversion of all outstanding shares of our Preferred Stock into shares of our Class B Common Stock on April 1, 2024. When antidilutive, in the calculations of EPS the weighted average number of diluted shares outstanding does not include the assumed issuance of shares upon conversion of preferred stock, and preferred stock dividends for the applicable period are deducted from net earnings (loss) from continuing operations.

(3) For periods when we reported a net loss the dilutive impact to shares for Reported EPS is excluded because it would be antidilutive.

(1) Programming charges in 2024 were associated with our strategic decision to focus on content with mass global appeal and in 2023 were associated with the integration of Showtime into Paramount+ and initiatives to rationalize and right-size our international operations to align with our streaming strategy and close or globalize certain of our international channels. These strategic changes led to content being removed from our platforms or abandoned, the write-off of development costs, distribution changes, and the termination of programming agreements. Accordingly, we recorded programming charges relating to these actions.

(2) 2024 reflects a goodwill impairment charge for our Cable Networks reporting unit, which resulted from a downward adjustment to the reporting unit's expected cash flows primarily as a result of recent indicators in the linear affiliate marketplace, and the market value indicated by the Skydance transactions. Each year includes charges to reduce the carrying value of intangible assets to their fair value.

(3) Reflects severance costs, lease impairments and other corporate matters.

(4) Reflects a gain recognized upon the contribution of certain assets of Paramount+ in the Nordics to SkyShowtime, a gain from the sale of international intangible assets and a working capital adjustment to the gain from the sale of CBS Studio Center.

(5) Includes fair value adjustments and gains and losses associated with the sale of investments.

(6) The tax impact has been calculated by applying the tax rates applicable to the adjustments presented.

(7) Includes the net discrete tax expense or (benefit) related to valuation allowance changes, guidance from tax authorities, the reorganization of international operations, the resolution of income tax matters, amounts realized in connection with the filing of tax returns, and tax expense or (excess benefit) from the vesting of stock-based compensations awards, among others.
